## REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Board of Trustees  
Albuquerque Community Foundation and Subsidiaries

### Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Albuquerque Community Foundation and Subsidiaries (the Foundation), which comprise the consolidated statements of financial position as of December 31, 2013 and 2012 and the related consolidated statements of activities and changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Foundation's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Albuquerque Community Foundation and Subsidiaries as of December 31, 2013 and 2012, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matter

Our audits were conducted for the purpose of forming opinions on the consolidated financial statements as a whole. The consolidating statements of financial position and the consolidating statements of activities and changes in net assets on pages 28-31 is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

December 31, 2013 and 2012

**NOTE A – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES**

A summary of significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

1. Organization

Albuquerque Community Foundation (the Foundation) is a nonprofit, publicly supported philanthropic institution in Albuquerque, New Mexico that manages a pool of charitable funds whose income is used to benefit the community through its grants to local nonprofit organizations, educational programs, and student aid awards.

Contributions and bequests are received from individuals and corporations. The Foundation coordinates receipt and investment of charitable contributions, distributes funds for community needs, and serves as a leader and educational resource by encouraging philanthropy.

2. Principles of Consolidation

The accompanying consolidated financial statements include the accounts of Albuquerque Community Foundation and its for-profit wholly owned subsidiaries, ACF Holdings, LLC and The Historic Champion Grocery Building, LLC. All significant intercompany balances and transactions have been eliminated.

3. Estimates

The preparation of the consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

4. Income Tax Status

The Foundation is a nonprofit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code, and has been classified as an entity that is not a private foundation. Management of the Foundation believes that the activities of the Foundation are within their tax-exempt purpose. ACF Holdings, LLC and The Historic Champion Grocery Building, LLC are disregarded entities for tax purposes, therefore, no provision for income taxes is provided for in the accompanying consolidated financial statements.

The Foundation does not have any uncertain tax positions for the years ended December 31, 2013 and 2012. Any interest and penalties associated with a tax position, when applicable, are classified according to their natural classification in the Foundation's consolidated financial statements. Under the statute of limitations, the Foundation's tax returns are no longer subject to examination by tax authorities for years prior to 2010.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED**

December 31, 2013 and 2012

**NOTE A – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED**

5. Cash and Cash Equivalents

For purposes of the accompanying consolidated statements of cash flows, the Foundation considers all cash depository accounts and highly liquid investments with original maturities of less than 90 days to be cash equivalents. Certain money market funds within the investment portfolio classification are donor restricted and are not considered cash equivalents.

6. Investments

Investments in marketable securities are carried at fair value; investments in closely held businesses are carried at their estimated net realizable value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Realized gains and losses are recorded on a specific identification method upon the sale of investment assets. The fair value of investments is subject to ongoing fluctuation. The amount ultimately realized upon disposition may differ than the amounts reported in these consolidated financial statements.

7. Concentrations of Credit Risk

The Foundation maintains depository and investment accounts with various financial institutions and investment brokerage firms. Depository accounts with financial institutions are insured by the Federal Depository Insurance Corporation; insurance limits on investment accounts vary by financial institution and by type of investment. Balances in these accounts may, at times, exceed federally or commercially insured limits. The Foundation has not experienced any losses on such accounts, and management believes it is not exposed to significant credit risk from these accounts.

8. Property and Equipment

Property and equipment are stated at cost. Depreciation is provided for all depreciable assets on a straight-line basis over the estimated useful lives of the assets, and is allocated to each functional category based on utilization. The Foundation capitalizes all asset acquisitions over \$1,000. Depreciation expense for December 31, 2013 and 2012 was \$130,888 and \$80,652, respectively. Land is not depreciated.

The Foundation reports gifts of land, buildings, and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Donated property is recorded at estimated fair value as of the date of donation. If donors stipulate how long the assets must be used, the contributions are recorded as restricted support. In the absence of such stipulations, contributions of property and equipment are recorded as unrestricted support. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED**

December 31, 2013 and 2012

**NOTE A – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED**

9. Charitable Remainder Trusts

The Foundation has been named as a beneficial recipient in several charitable remainder trusts. Under the terms of the trust agreements, the Foundation acts as the trustee. The donor has the right to change beneficiaries or the percentage allotted to the Foundation for the trusts. These are accounted for as an obligation until the trust principal reverts to the Foundation and is recorded as a contribution. Assets held in charitable remainder trusts totaled \$3,042,706 in 2013 and \$2,828,906 in 2012 and are reported at fair value in the Foundation's consolidated statements of financial position.

Additionally, the Foundation is the beneficiary of the residual for several other charitable remainder trusts. Assets held in these trusts totaled \$987,854 in 2013 and \$901,059 in 2012 and are reported at fair value in the Foundation's consolidated statements of financial position. Annually, the Foundation revalues the liability to make distributions to the designated beneficiaries based on a percentage of the fair value. The present value of the estimated future payments using discount rates ranging from 5.6 - 7.7% was \$500,837 in 2013 and \$475,116 in 2012.

10. Contributions

Contributions received, including unconditional promises to give (pledges and bequests), are recognized at fair value as revenues in the period received. Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and nature of any donor restrictions. Bequests are deemed unconditional promises to give and are recognized as revenue and receivables when the probate court declares the will valid and the fair value of the Foundation's interest in the estate is determinable.

Pledges and bequests that are expected to be received within one year are recorded at their estimated net realizable value. Pledges and bequests that are expected to be received in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using risk-free discount rates applicable when the promises are received. Amortization of the discounts is included in contribution revenue. Management has not provided an allowance for doubtful unconditional promises, as they believe all such amounts are fully collectible. Management evaluates the value of pledges and bequest receivables on an annual basis in order to identify any circumstances where the Foundation may receive less than what they have recorded. The Foundation has not experienced any such circumstances.

Conditional promises to give are not included as support until the conditions are substantially met. The Foundation is the beneficiary from time to time of certain bequests not yet recognized that have various levels of conditions. Associated revenue is recognized when all conditions of the promise are substantially met.

11. Liability for Assets Held for Community Organizations

Contributions are not recognized as revenue when the Foundation functions in the capacity of an intermediary, trustee, or agent; in these situations, contributions are recognized as a liability for assets held for community organizations. See Note G.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED**

December 31, 2013 and 2012

**NOTE A – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED**

12. Net Assets

The accompanying consolidated financial statements are prepared in accordance with generally accepted accounting principles for nonprofit organizations. Under these provisions, net assets, revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Foundation and changes therein are classified and reported as follows:

**Unrestricted Net Assets** – net assets that are not subject to donor-imposed stipulations or subject to the Foundation’s spending policy. Unrestricted net assets may be designated for specific purposes by action of the Board of Trustees. Board designations have been made for operating reserves in the amounts of \$470,227 and 440,000 at December 31, 2013 and 2012, respectively.

**Temporarily Restricted Net Assets** – net assets that are subject to donor-imposed stipulations or that are subject to the Foundation’s spending policy that may or will be met by the occurrence of a specific event or the passage of time. When a donor restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the accompanying consolidated statements of activities and changes in net assets as net assets released from restrictions.

**Permanently Restricted Net Assets** – net assets required to be maintained in perpetuity, with only the income used for operating activities, due to donor-imposed restrictions. Permanently restricted net assets consist of a donated building of \$544,000 at December 31, 2013 and 2012.

13. Donations and In-Kind Contributions

Donated cash, securities, real estate, furniture and equipment, and in-kind contributions of services that qualify are recorded as assets or contributions at their estimated fair value at date of receipt. As donations and in-kind contributions are utilized, expense is recorded. Total donation and in-kind contributions were \$24,036 and \$315,378 for the years ended December 31, 2013 and 2012, respectively.

14. Endowment Administration

Management fees of \$519,401 and \$429,747 were charged by the Foundation for administrative costs for the years ended December 31, 2013 and 2012, respectively.

15. Marketing

The Foundation uses marketing/donor development to promote its programs. Such costs are expensed as incurred. Marketing/donor development expense for the years ended December 31, 2013 and 2012 was \$65,126 and \$106,319, respectively.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED**

December 31, 2013 and 2012

**NOTE A – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED**

16. Functional Expenses

The Foundation reports its expenses according to four functional classifications: Distributions and Grants, which includes the direct costs of providing benefits and services to the not-for-profit community; Community Outreach; Management and General; and Fundraising. Common costs are allocated among the classifications on the basis of actual direct staff resources applied to the various operational areas within the Foundation.

17. Subsequent Events

The Foundation has evaluated all events occurring subsequent to December 31, 2013 and through June 23, 2014, which is the date that the consolidated financial statements were available to be issued. No matters were identified that should be recorded or disclosed.

18. Reclassifications

Certain reclassifications of 2012 financial statement information has been made to conform to the 2013 presentation.

**NOTE B – UNCONDITIONAL PROMISES TO GIVE**

The Foundation has outstanding promises to give from various donors. The balance of the outstanding unconditional promises to give is expected to be received as follows:

	<u>2013</u>	<u>2012</u>
Less than one year	\$ 128,346	\$ 95,708
One to five years	<u>39,008</u>	<u>56,000</u>
	167,354	151,708
Less unamortized discount	<u>(1,066)</u>	<u>(1,436)</u>
	<u>\$ 166,288</u>	<u>\$ 150,272</u>

**NOTE C – BEQUESTS RECEIVABLE**

In 2012, the Foundation received legal notification that it was named as a beneficiary of one bequest. The Foundation is not acting as trustee of the bequest. The trust assets include cash and cash equivalents and property. As of December 31, 2012, management determined an adequate estimate of the net realizable value, which is recorded as a receivable of \$680,000. The Foundation received \$400,000 during 2013. The Foundation believes the remaining balance is collectible and no allowance has been provided.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED**

December 31, 2013 and 2012

**NOTE C – BEQUESTS RECEIVABLE – CONTINUED**

In 2009, the Foundation received legal notification that it was named as beneficiary of two bequests. The Foundation is not acting as trustee in either of the bequests. Many of the assets of the two trusts were not easily valued and include property that is currently in probate. Additionally, each trust has multiple beneficiaries, and some of the beneficiaries are contesting the trust. Due to these factors, the Foundation did not record the realizable value of the bequests during 2009. In 2011, the Foundation collected \$84,000 from one bequest with no additional amounts outstanding. Additionally in 2011, the Foundation received the first installment for the second bequest of \$166,655; however, the remainder of the bequest still contains uncertainties, therefore the Foundation elected not to record the remaining realizable value of the bequest as of December 31, 2013 and 2012, respectively.

**NOTE D – PROPERTY AND EQUIPMENT**

Property and equipment are comprised of the following at December 31:

	<u>2013</u>	<u>2012</u>
Building improvements	\$ 1,549,439	\$ 1,559,889
Building	544,000	544,000
Furniture and fixtures	219,026	181,911
Computer equipment	68,187	86,588
Website	<u>25,095</u>	<u>25,095</u>

Property and equipment, net	<u>\$ 2,069,331</u>	<u>\$ 2,191,954</u>

The Foundation is not depreciating the building as it is registered as a local historical landmark. However, depreciation has been recognized on the cost of the renovation.

**NOTE E – CHARITABLE REMAINDER TRUST ASSETS**

The beneficial interest in charitable remainder trusts are comprised of the following at December 31:

	<u>2013</u>	<u>2012</u>
Cash	\$ 111,003	\$ 140,586
Investments	3,758,597	3,446,665
Cash surrender value of life insurance	<u>160,960</u>	<u>142,714</u>
	<u>\$ 4,030,560</u>	<u>\$ 3,729,965</u>

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED**

December 31, 2013 and 2012

**NOTE F – INVESTMENTS**

The Foundation's policy is to pool cash and investments for greater investment return. Investment income (loss) and unrealized gain (loss) on investments are allocated to each charitable fund based on its share of the pool. Investments are summarized as follows:

	<u>2013</u>	<u>2012</u>
International equity	\$ 13,861,444	\$ 11,245,826
Fixed income	9,082,174	9,331,720

Investment consulting fees were \$79,088 and \$71,279 for the years ended December 31, 2013 and 2012, respectively.

The Board of Trustees of the Foundation, who is responsible for all stewardship of the Foundation, delegated to the Investment Committee the responsibility to ensure that the assets of the Foundation are managed in a manner that is consistent with the policies and objectives of the Foundation. The Investment Committee elected, as allowed by action of the Board, to engage an independent investment-consulting firm to assist the Committee's activities. The Investment Committee meets at least quarterly with its investment consultant to review investment performance, asset allocation, and all other matters related to fiduciary oversight of investment assets.

Increases or declines in the fair value of investments are unrealized until the investments are sold. The Board of Trustees of the Foundation has the authority to change the level of distributions to preserve the assets of the Foundation to benefit future generations.

**NOTE F – INVESTMENTS – CONTINUED**

The Foundation holds investments in certain private equity ventures, the provisions of which call for the Foundation to commit capital to these investments as a stipulation of participation. The Foundation has committed capital to these investments of \$9,750,000 and \$7,750,000, of which \$6,832,506 and \$4,936,607 have been called and remitted as of December 31, 2013 and 2012, respectively. The remaining capital commitments of \$2,917,494 and \$2,813,393 are callable while the underlying funds are active. Failure to provide capital upon its call would result in the Foundation losing its right to invest in these ventures.

**NOTE G – LIABILITIES FOR ASSETS HELD FOR COMMUNITY ORGANIZATIONS**

The Foundation accepts assets from other nonprofit organizations and agrees to use those assets and related earnings on behalf of the beneficiary organization. The distribution of these assets follows the Foundation's spending policy as described in Note I.

Administrative fees earned by the Foundation under these arrangements were \$65,420 and \$50,699 for the years ended December 31, 2013 and 2012, respectively.

During 2013, two nonprofit organizations terminated operations. These organizations had funds totaling \$30,874 with the Foundation that were recorded as liabilities for assets held for community organizations. In accordance with the agreements with the nonprofit organizations and the Foundation, the funds balances were transferred from a liability to temporarily restricted endowments. No grants were made subsequent to the transfer of the funds.

During 2011, a nonprofit organization that had two funds totaling \$2,733,088 with the Foundation, that were recorded as liabilities for assets held for community organizations, filed for bankruptcy. In accordance with the agreements with the nonprofit organization and the Foundation, the fund balances were transferred from a liability to a temporarily restricted endowment. During 2013 and 2012, the Board of Trustees used the variance power given to them under the Foundation's governing documents to grant as allowed by the Foundation's spending policy a total of \$114,941 and \$123,224 of funds to organizations with a similar mission as of December 31, 2013 and 2012, respectively. The bankruptcy had not been finalized as of December 31, 2013 and 2012.

**NOTE H – FAIR VALUE MEASUREMENTS**

U.S. generally accepted accounting principles establish a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1     Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.
- Level 2     Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability;
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3     Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED**

December 31, 2013 and 2012

**NOTE H – FAIR VALUE MEASUREMENTS – CONTINUED**

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2013.

*Marketable Securities, Multi Strategy Funds, Real Estate, and Real Assets:*

- |         |                                                                                                                                                  |
|---------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| Level 1 | Fair value determined using quoted prices of securities held in active markets at year-end.                                                      |
| Level 2 | Fair value determined using quoted process for similar assets for substantially the full term through corroboration with observable market data. |
| Level 3 | Fair value determined using unobservable inputs as determined in good faith by the investment manager of each investment.                        |

*Private Equity:* Fair value determined using net asset value as determined in good faith by the general partner in each investment.

*Land:* Fair value determined based on comparable land values.

*Remainder Trust Assets:* Fair value determined using net asset value of quoted prices of securities held in active markets at year-end, as well as the present values of future cash flows, based on the Foundation's ownership percentage of the fair value of the remainder trust assets.

*Remainder Trust Liabilities:* Fair value determined as the present values of future cash outflows, based on the Foundation's ownership percentage of the fair value of the remainder trust assets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

\*All redemptions were suspended in December 2008. Redemptions began again in March 2010. Silver Creek anticipates completing all redemptions by 2013. Balance as of December 31, 2008 was \$2,277,257. The Foundation has received \$2,148,941 or 94% of its investment back as of December 31, 2013.

\*\*The Common Sense balance at December 31, 2013 is illiquid.

Private Equity Funds

The investment strategy of the Common Funds is to invest in target funds, which in turn, make investments in the following strategies with the objective of obtaining long-term growth: Venture capital investments primarily in emerging growth companies; International private equity investments primarily in emerging growth companies; Private limited partnerships, which in turn, make investments in equity securities, warrants or other options that are generally not actively traded at the time of investment; Limited partnerships, which in turn, make international private equity investments.

The investment strategy of the TIFF funds are to assist members in maintaining endowment purchasing power by generating returns greater than those provided by global stock markets. TIFF capital is expected to be allocated primarily among private equity managers pursuing venture, operations-oriented buyout, special situation, and recapitalization strategies. It may make investments in U.S., foreign and global commingled private equity funds.

The investment strategy of the Permal Capital fund is capital appreciation through the purchase of existing limited partnership interests in independently managed private equity funds from third parties seeking liquidity prior to the contractual termination of such funds.

Real Estate Fund

Bridge ROC Fund: Bridge Investment Group Partners seek to buy attractively priced real estate to which it can add value and realize significant returns to investors. Bridge will invest across the United States and will focus its efforts primarily on assets in the multi-family and office sectors, but will also opportunistically invest in other sectors, such as retail hospitality, though these sectors are expected to represent a small portion of the portfolio and must meet a higher return hurdle.

Multi Strategy Funds

Blackstone: The Blackstone Resources Select Fund is a long-biased, multi-manager commodity fund, designed to outperform traditional commodity index products. The Blackstone Resources Select Fund is invested with five underlying fund managers that Blackstone believes are the best traders in their respective commodity groups (Natural Gas, Crude Oil, Metals, Agriculture and Softs).

BlackRock Tempus: The BlackRock Tempus Fund seeks to exploit intermediate-term opportunities that straddle the public and private markets, and invests primarily through custom fund structures that BlackRock establishes with underlying managers.

**NOTE H – FAIR VALUE MEASUREMENTS – CONTINUED**

Multi Strategy Funds – Continued

Magnitude: Magnitude offers one core strategy across three different funds of hedge fund vehicles. The investment process includes evaluating the overall risks and rewards of an investment by using top-down strategy level decisions with bottom-up manager selection.

Colchester Global Bonds: Colchester is a value-oriented manager. The investment approach is therefore based on the analysis of inflation, real interest rates and real exchange rates, supplemented by an assessment of sovereign financial balances - fiscal, external, and monetary. Portfolios are constructed to benefit from those opportunities with the greatest relative investment potential for a given level of risk. Sovereign bonds form the majority of Colchester's portfolio.

Atlantic Trust MLP: Atlantic Trust MLP seeks to combine long-term investments in core publicly traded master limited partnerships with short-term opportunistic investments, including shorts and privates.

Common Sense: Invests almost exclusively in long/short U.S.-based equity hedge funds that attempt to stress capital preservation by actively managing market and sector exposures. Hedge fund investments emphasize long-biased managers who employ very little hedging, although managers may be net short to the market in certain environments.

Silver Creek: Silver Creek has put an emphasis on creating a portfolio of managers displaying low correlations with each other and diversification of styles. The principal belief behind portfolio diversification is that proper manager and strategy diversification smoothes investment returns while mitigating risk.

Corbin Pinehurst: Corbin's investment philosophy centers on the belief that a successful approach to managing a fund of hedge funds requires the same skills, tools, and flexible fundamental discipline as running a successful hedge fund. Corbin does not seek to cover the entirety of the hedge fund universe, but rather focuses on uncovering a small number of compelling new investments. The primary focus is to build a portfolio that seeks to achieve an attractive return on capital with limited volatility by investing in a concentrated portfolio of high conviction managers.

**NOTE I – ENDOWMENT FUNDS**

1. Net Asset Classification

In 2009, the State of New Mexico enacted the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA). Accordingly, in 2009 the Foundation adopted U.S. generally accepted accounting principles as they relate to net asset classification of funds subject to an enacted version of UPMIFA. The Board of Trustees has determined that the majority of the Foundation's net assets meet the definition of endowment funds under UPMIFA. The Foundation is governed by the Articles of Incorporation and most contributions are received subject to the terms of the Articles of Incorporation.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED**

December 31, 2013 and 2012

**NOTE I – ENDOWMENT FUNDS – CONTINUED**

1. Net Asset Classification – Continued

Under the terms of the Articles of Incorporation, which delegates the distributions of funds to the Investment Committee in the Investment Policies and Procedures, the Board of Trustees has the ability to distribute so much of the corpus of any trust or separate gift, devise, bequest, or fund as the Board in its sole discretion shall determine. In accordance with UPMIFA and as described in the Foundation's Investment Policy, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- a. The duration and preservation of the fund
- b. The purposes of the organization and the donor-restricted endowment fund
- c. General economic conditions
- d. The possible effect of inflation and deflation
- e. The expected total return from income and the appreciation of investments
- f. Other resources of the organization
- g. The investment policies of the organization

As a result of the ability to distribute corpus, the Board of Trustees has determined that all contributions received subject to the Articles of Incorporation, are subject to UPMIFA, and are classified as temporarily restricted until appropriated, at which time the appropriation is reclassified to unrestricted net assets. Funds that can be spent down immediately and that are not subject to the Foundation's spending policy are classified as unrestricted. Contributions that are subject to other gift instruments may be recorded as permanently restricted, temporarily restricted, or unrestricted, depending on the specific terms of the agreement.

Generally, if the corpus of a contribution will at some future time become available for spending it is recorded as temporarily restricted; if the corpus never becomes available for spending it will be reported as permanently restricted. In addition, contributions that are promised to be given in a future period are presented as temporarily restricted until the payments are received.

2. Endowment Investment and Spending Policies

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. The Foundation's spending and investment policies work together to achieve this objective. The investment policy establishes an achievable return objective through diversification of asset classes.

To satisfy its long-term rate of return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives with prudent risk parameters.

**NOTE I – ENDOWMENT FUNDS – CONTINUED**

2. Endowment Investment and Spending Policies – Continued

The spending policy calculates the amount of money annually distributed from the Foundation's various endowed funds for grant making and administration. The spending policy for 2013 is to distribute 4% of the time-weighted average balance of each fund for the previous twenty quarters calculated as of December 31. The spending policy for 2012 is to distribute 4.5% of the time-weighted average balance of each fund for the previous twelve quarters. If a fund does not have historical fund balances for twelve quarters then it shall instead use the total number of historical fund balances that it has. Generally, a fund must have a minimum of four historical quarters before a distribution is made. The time-weighted average will be computed by averaging the funds' monthly ending balances, after allocation of income, gains and fees, during each quarter, and then averaging the quarter ending balances. Donor advised and organization fund agreements allow additional distributions above the spending policy rates for each respective year with certain conditions as detailed in the agreements.

**NOTE K – COMMITMENTS**1. Leases

The Foundation currently leases certain equipment and leased certain office space. The office space lease agreement expired in January 2013. The equipment lease agreements expire at various times through July 2019. Future minimum lease payments follow:

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED**

December 31, 2013 and 2012

**NOTE K – COMMITMENTS AND CONTINGENCIES – CONTINUED**

1. Leases – Continued

2014	\$	8,465
2015		7,603
2016		6,791
2017		6,791
2018		6,791
Thereafter		<u>1,697</u>
	\$	<u><u>38,138</u></u>

Rent expense was \$9,053 and \$38,780 for years ended December 31, 2013 and 2012, respectively. The Foundation vacated its office space in June 2012 and moved to the Historic Champion Grocery Building. The landlord of the leased space agreed to waive the lease payments due between June 2012 and January 2013 and the Foundation did not incur any penalties for early termination of the lease.

2. Major Contributors

For the year ended December 31, 2013, the Foundation received contributions totaling \$667,286 from three major contributors. For the year ended December 31, 2012, the Foundation received contributions totaling \$2,441,897 from seven major contributors.

3. Retirement Plans

In 2013, the Foundation established the Albuquerque Community Foundation 401(k) Profit Sharing Plan. The Plan is a self-administered Safe Harbor plan and allows for additional discretionary and matching employer contributions. The discretionary contributions follow a 6 year vesting schedule. Participants must be 21 years of age and have one year of service. Contributions to this Plan were \$10,638 for the year ended December 31, 2013.

Effective July 1, 2000, the Board of Trustees established a Simple Employee Pension Plan. The Foundation's discretionary contribution to the Plan is determined by the Board of Trustees. Participants must be 21 years of age and have one year of service. Contributions to this Plan were \$0 for both years ended December 31, 2013 and 2012. The Plan was replaced with the 401(k) Profit Sharing plan.

**NOTE L – RELATED PARTY TRANSACTIONS**

Various Board members or their companies donate to the Foundation in the form of contributions, in-kind goods or services, grants, and sponsorships. The amounts are recorded at fair value on the date of donation and reflected as either unrestricted or temporarily restricted based on the nature of the gift. Donations totaled \$335,183 and \$537,569 at December 31, 2013 and 2012, respectively.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS – CONTINUED**

December 31, 2013 and 2012

**NOTE M – DONATED BUILDING**

During 2010, the Foundation received the donation of a building to be used for the operations of the Foundation. The building is a historic building located in downtown Albuquerque. Upon completion of the renovation, the Foundation moved its operations into the building in June 2012. The Foundation created a wholly-owned subsidiary, Historic Champion Grocery Building, LLC (“HCGB LLC”) to hold the building. HCGB LLC is consolidated with the financial statements of the Foundation. The renovation costs are recorded as a depreciable asset.

**NOTE N – PRIOR PERIOD ADJUSTMENT**

During the fiscal year ended December 31, 2013, the Foundation performed additional analysis and identified and reclassified \$263,486 of unrestricted net assets that had been previously reported as temporarily restricted net assets. The correction has no effect on total net assets at December 31, 2013 or 2012 or on the total change in net assets for the years then ended. The correction also has no effect on the results of the current year's activities. However, the effect of the correction on unrestricted net assets was an increase of \$263,486 and a decrease in temporarily restricted net assets for the same amount for the year ended December 31, 2012.
