FUTURE FUND
OF THE COMMUNITY FOUNDATION

a young donors group.

About the Future Fund

In 1998 12 young couples, who individually didn't have the \$10k minimum to start an endowment fund, decided to get together and pool their money. With a little help from the Community Foundation board, they established the Future Fund. Now the Future Fund endowment has grown to over \$400,000 and has awarded over \$225,000 in community grants!

We know that there are many places to donate your time and money. The Future Fund appeals to three different types of people in their 20s, 30s and 40s:

1. Those who like to support their community through financial contributions
2. Those who like to get involved with their community
3. Those who enjoy making new friends and seeing old ones

There is nowhere else where you can make a \$200 contribution and help decide where to give away over \$15,000 every year.

What our members think

Maureen O'Leary

"The Future Fund is an amazing opportunity for the future leaders of our community to learn more about the charitable impact we can have when we band together and pool our resources. A \$200 membership contribution allows each of us to participate in donating \$15,000 back to non-profits in our community every year. I have been humbled by the incredibly generous and community oriented individuals I have had the opportunity to meet in the Future Fund."

Jose Viramontes

"Being part of the Future Fund was an easy decision for Cindy and I. It made sense for us financially - a \$200 contribution turned into \$15,000 worth of giving power. It made sense for us socially and professionally - we've made great new friends and professional contacts. Most importantly though, joining made sense for the future of our community. Each year that we're members, we are directly contributing to improving lives around us and helping build a better place for our own children as well as present and future generations of Burqueños."
